

October 17, 1995

On October 16, 1995, I, Vic Vice, moved 166 barrels of oil from the Adlong #5, Section 5, T-10-S, R-37-E, to the Sawyer "4" #2 frac tank.

There was a hole in the tank and there was no other tank to put it in.

Vic Vice

10/16/95 - Original Tank
has been repaired - will
be coated today & will
moved back to original
tank & location
