Dear Mr. Ingram:

Our records indicate that we have discussed with you several times the status of your Granny No. 1 located in Unit 0 of Section 1, T-11-S, R-36-E. Production reports also indicate that you have been producing the well since August of 1969 with little or no allowable.

If you have not already done so, please immediately apply to the office of the Commission in Santa Fe for approval of the tubingless completion. Upon receipt of the approval from our Santa Fe office we will be able to assign an allowable for the well.

Yours very truly,

OIL CONSERVATION COMMISSION
