

Form is to be filed with the appropriate District Office of the Commission not later than 20 days after the completion of any newly-drilled test completed well. It shall be accompanied by one copy of all electrical and radio-activity logs run on the well and a summary of all special tests completed, including drill stem tests. All depths reported shall be measured depths. In the case of directionally drilled wells, true vertical depths shall be reported. For multiple completions, Items 30 through 54 shall be reported for each zone. The form is to be filed in quadruplicate except on oil and gas land, where six copies are required. See Rule 1105.
