Attention: Mr. J. D. Ramey

Gentlemen:

Form C-103 is attached showing the present status of our Antweil State No. 1, P-27-10S-32E. Attempts to obtain commercial production from this well have been unsuccessful. Production equipment is still on this well, though the well is not being produced. We are now trying to find a possible use for this well as a saltwater disposal well in the Mescalero area. We request permission to retain the well in the present status for another 45 to 60 days to check legal requirements and negotiate for possible use in SWD.

Yours truly,
