Gentlemen:

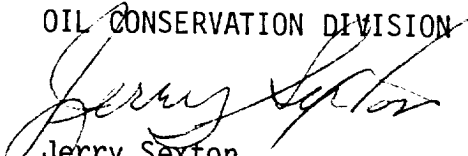

A gas/oil ratio test has been received for the above-referenced well but we are unable to reinstate your allowable for this well because the well was ordered shutin due to the fact that the money securing your plugging bond for this well had been withdrawn.

According to our Santa Fe office they have not received anything to cause the bond to be reinstated.

If you have any questions concerning this matter, please contact our attorney, Robert G. Stovall in Santa Fe at (505) 827-5805.

Very truly yours,
