17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

The 5-1/2" casing has apparently collapsed at approximately 6565' and the well is currently incapable of producing oil and gas. A Halliburton EE Drill bridge plug has been set in the 5-1/2" casing at 7980'. Please place this well in the "temporarily abandon" category. Hopefully a successful effort can be made to overcome the problem and return the well to production within a year.

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.
