Dear Mr. Sexton:

This will acknowledge receipt of your letter dated December 1, 1976 pertaining to your Forms C-103 and C-105 in connection with the plugging and abandoning of the above well.

We regret to inform you that all of our records pertaining to this well have been either lost, misplaced or destroyed and we can find no record of any past correspondence relating to your above mentioned forms. It appears that we may have drilled this well on a farmout from a third party and since the well was a dry hole, we elected not to take an assignment of the lease.

If there is any way we can resolve your problem and assist you in approving the final plugging and abandoning of this well, please let us know.

Very truly yours,

WHITE SHIELD OIL AND GAS CORP.
