RE: EXCHANGE OIL & GAS, #1  
UNIT P, S13, T9S, R33E

Gentlemen:

An Oil Conservation Division representative made an inspection on the above referenced plugged well site in an attempt to release the location.

Prior to this release, the following items need to be done.

1. Dry hole marker should include the township and range.
2. Remove all junk and equipment from location (buried tank).

When these procedures have been completed please inform our office by signing the bottom portion of this letter and return it to our address listed above.

Very truly yours,

JERRY SEXTON  
District I Supervisor
