9. Casinghead gas will be contracted to either Warren Petroleum Company or Cities Service Gas Company. Contracts will be requested of these companies immediately upon completion.
10. Location layout and rig plan are detailed on the attached development plat.
11. Should this be a dry hole, the pits will be filled and the surface restored as near as possible to the original contours. Should this well produce, pits will be filled and leveled and the pad maintained during the life of production.

Please advise if we can furnish any additional information that you might desire.

Yours very truly,

John H. Swendig
Petroleum Engineer.
