Landlady No. 1  
Wildcat Field  
Lea County, New Mexico  
Our File No. 3-9202-ST

Gentlemen:

Attached hereto are the results of a recombination ratio production test and build up measurement which was conducted on the above captioned well November 20 thru December 11, 1978.

The data presented are in tabular and graphical form. The samples were shipped to Core Laboratories, Inc. in Dallas, Texas for analysis.

It has been our pleasure to have conducted this service for you. If we may be of further assistance, please call us at any time.

Respectfully submitted,

TEFTELLER, INC.
