Dear Mr. Sexton:

Enclosed please find the resubmittal of form C-105 for our Wiser State #1 well, Lea County, New Mexico. This was returned to us in order for us to fill in required information on the reverse side. Our logged interval indicates tops for the San Andres, PI Marker and Slaughter, but we have been unable to locate other appropriate tops. We have also been unable to locate cutting information relative to the formation record. We therefore request that you accept the form C-105 and we would like to apologize for the lack of information. Hopefully, with recent staff changes, this will not happen again.

Yours sincerely,

Mark A. Philpy
Petroleum Engineer
