Re: Harton-State #2-N, Sec 32, T9S, R37E

Gentlemen:

An inspection of the above location shows what appears to be a continuous leak on the stuffing box.

We request that you make the necessary repairs, clean the location and that you continue to operate and maintain the lease in satisfactory condition.

To insure compliance, we will make a re-inspection of the area in the near future.

Very truly yours

OIL CONSERVATION DIVISION
