Gentlemen:

Our Santa Fe Office has inquired concerning the release of the plugging of the above-referenced well. However, our files are incomplete. April 2, 1984, we returned Form C-105 for this well and requested that you complete the "Formation Tops" and the "Formation Record at the bottom of the form and return to us as soon as possible. As of this date no response has been received from you.

It is our policy to hold the release the plugged well until all required paper work is filed and the location has been inspected.

Very truly yours,

OIL CONSERVATION DIVISION

Jerry Sexton
Supervisor, District I
