Gentlemen:

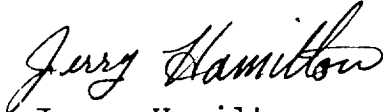

The captioned wells were plugged in April of this year. At this time all the equipment has not been moved from the locations, and the well sites have not been cleaned.

We have sold the equipment to Danny Watson of Tatum, New Mexico. He has indicated he will move all the equipment from the well sites within 30 - 45 days.

As soon as the equipment is moved and we have cleaned the locations we will contact your office.

Sincerely,

WAGNER & BROWN

Engineer
