Re: Barbara Fasken
Field Estate No. 1
Gladiola (Devonian) Field
Lea County, New Mexico

Gentlemen:

Enclosed is Forms C-103 and C-105 for the subject well. The well was dry and abandoned on 12-10-87. The location has not been leveled due to the drilling rig being stacked on the site. Also, the drilling pits will be allowed to dry before being broke out and leveled. A letter notifying you when the location is ready for inspection will be forwarded to you within ninety days. Please keep the electric log and drillstem test data confidential until March 1, 1988. Should you have any questions please call Jimmy Davis at 915-687-1777.

Yours truly,

FASKEN OIL AND RANCH INTERESTS
