Re: Release of Plugged Well
Indian Red #1-D
Section 26, T10S, R32E

Gentlemen:

The above-referenced plugged well location was inspected April 17, 1989, after a request for bond release.

This is to advise that the location is not ready for release and the following must be done before the location can be released.

- 1) Pits need to be levelled
- 2) Junk removed from location
- 3) Casing removed from location

When the above items have been corrected, please sign and return a copy of this letter and we will recheck the location and if it is in order your bond will be released.

Very truly yours,

OIL CONSERVATION DIVISION

Jerry Sexton
Supervisor, District I

ed

cc: Diane Richardson
OCD Bond Dept.

The above items have been corrected and the location is ready for reinspection.
