Re: Indian Red No. 1,
Lea County, New Mexico

Dear Sir:

As requested by your letter of September 1, 1988, we are enclosing two notarized copies of list of deviation surveys, one complete set of logs, and a complete formation record section at bottom of C-105 with lithology of formations from surface to TD.

As soon as the pits are sufficiently dry, we will complete the required work as itemized on the above mentioned letter and return the letter with the certified statement thereon.

If there are further instructions, please advise. We will notify you when the work is completed and the lease is ready for your inspection.

Yours very truly,

Joe D. Hardin
