Gentlemen:

This will confirm your conversation with Evelyn Downs of this office concerning the above-referenced drilling permit. As discussed, the well was permitted by the BLM at an unorthodox location for the Allison Penn Pool. You will need to file for approval of this unorthodox location with our Santa Fe office with a copy to the Hobbs office.

Also, production from this well will not be authorized until approval of the unorthodox location is received.

Very truly yours,

OIL CONSERVATION DIVISION

Supervisor, District I
