SUBJECT: ASSIGNMENT OF API NUMBER TO FEDERAL WELL

The Oil Conservation Division has assigned an API number  
as indicated on the attached copy of your drilling permit.

We cannot use X as part of the well number.  
We have shown this as Undesignated also  
since it is approximately 1 mile from  
the Flying M also pool & that pool is  
spaced on 80 acres with well location  
within 200' of center of NW or SE 4/4.
