RE: STATE 16 #1-Y, UNIT P, S16-T9S-R37E

Gentlemen:

An Oil Conservation Division Representative made a recent inspection at the above referenced location. According to the inspector, there is a 4" line between the production tanks that has a small leak.

A phone call was made to your pumper, John Bob Stearns, on August 12, 1998 and was informed of the problem.

We would appreciate your prompt attention to this matter and request that you perform any repairs necessary to correct the problem.

Another inspection will be made prior to September 1, 1998.

Sincerely,

A handwritten signature in cursive script that reads "Chris Williams".

CHRIS WILLIAMS
District I Supervisor
