30/4 of Sec. 28

4 2

37 E

34 N

Unit 1

Reconalt

New Mexico

The elevation of the well head above sea level is ft.

DETAILS OF WORK

Indicate depth of well, depth of casing, depth of water, weight of casing, length of proposed casing, indicate casing joints, cementing points, and all other important proposed work.

We plan to drill this well to a total depth of approximately 9700' using the following casing and cementing program:

400' 10 3/4" 12.75# J-40 STAG - cement to be circulated.
1350' 7 5/8" 26.4# J-55 STAG - cement with approximately 1200 sacks
9700' 4 1/2" 9.5# J-55 STAG, 11.6# J-55 STAG and 11.6# J-55 STAG - cement with approximately 600 sacks.

Casing will be perforated and formation stimulated as necessary.

Permission is also requested to produce this well on completion.

I understand that this plan of work must receive approval in writing by the Geological Survey before operations may be commenced.

The elevation of the derrick floor above sea level is _____ ft.

DETAILS OF WORK

(State names of and expected description of objective casing, show sizes, weights, and lengths of proposed casing; indicate mudlogging jobs, cementing points, and all other important proposed work.)

Spudded well at 7:30 PM 1-22-61. Drilled to 402' and ran 12 joints of 10 3/4" 32.75# H-40 casing, total 363.48' set at 399.38'. EMCO cemented with 350 sacks of Southwestern regular cement with 2% calcium chloride. Cement circulated, Plug down at 3 PM 1-23-61. WOC. Tested 10 3/4" casing with 1000# from 3 to 5:30 PM 1-24-61. Test OK.

I understand that this plan of work must receive approval in writing by the Geological Survey before operations may be commenced.

Gentlemen:

On January 13, 1961, we mailed the USGS Form 9-331A Sundry Notice of our intention to drill the Rutter (Federal) #1 1980 FSL & 660' FWL of Section 28, Twp. 8-S, Rg. 37-E, Roosevelt County, New Mexico. The accompanying plat (Form C-128 Well Location and Acreage Dedication Plat) showed 80 acres dedicated, being the North half of the Southwest quarter.

We are attaching three copies of a new plat (Form C-128) for the purpose of changing the 80 acre dedication from the North half of the Southwest quarter to the West half of the Southwest Quarter.

We will appreciate receiving acknowledgement and approval of this change.

Yours very truly,

The Atlantic Refining Company

R. E. Howard
Regional Petroleum Engineer
