Gentlemen:

Our current procedures require the submission of a Final Abandonment Notice on Form 3160-5, Sundry Notices and Reports on Wells, once the surface reclamation work has been completed on an abandoned location. The surface reclamation of the referenced well was approved during the interim period before Form 3160-5 was required.

To clarify the records, this letter serves as the final approval of the abandonment of the location.

Sincerely,

Supervisory Minerals Resource  
Specialist
