Attention: Stan Mayo

Dear Sir:

As per our telephone conversation of June 6, 1991, our Company is requesting approval to leave our N. M. (55) Federal No. 2 well in a nonproducing status until such time that the well can be plugged. We have obtained a plugging procedure from your office and are currently waiting for Company approval to begin plugging operations. Your cooperation in this matter will be greatly appreciated.

Yours truly,

*Steven Hartley*

Steven Hartley  
Production Supervisor

*S. D. Reed*

S. D. Reed  
Production Superintendent
