

MEMORANDUM

To: Chris Williams
From: David Brooks

Date: February 28, 2002

Re: Case No. 12758-A; John A. Yates Jr.

The attached correspondence should have been sent to you rather than Lori.

This well is part of Case No. 12758-A; the severed portion of the November 1, 2001 inactive well hearing that was continued to February 7, and then to March 7 (next week).

I don't necessarily understand how the operation described brings the well into compliance if the well is still shut in and not TAed, but I forward it to you for a recommendation, along with other operators in that proceeding.
