If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.) *

Breck Operating Corp. is requesting approval to activate the Milnesand Unit, well #56. The well #56 has been temporarily abandoned since 12/14/88 because it was not assisting the performance of the waterflood. Due to mechanical complications with other water injection wells, it is necessary that this well be returned to injection.
