Re: \$5,000 One-Well Plugging Bond,
Jim Black
SE/4 SW/4, Section 11, Township
8 South, Range 34 East

Gentlemen:

Reference is made to our recent correspondence regarding cancellation of the captioned bond.

Mr. Ramey reports that an inspection of the above location has been made and that the following deficiencies were noted:

1. Junk on location
2. Cellar not filled
3. Large pit open and not leveled.
4. Battery Pad not leveled

The above deficiencies would have to be corrected before we can approve cancellation of the bond.

Incidentally, Mr. Ramey advises that he has been unable to contact Mr. Black.

Very truly yours,

I. R. TRUJILLO, Chief
Administrative Services
