RE: Surface Commingling of Gas
Bison Federal A No. 1
NM-0560413
Sec. 34, T8S, R37E
Roosevelt County, NM

April 4, 1994

Gentlemen:

In letter dated December 7, 1993, same subject, Bison requested permission to commingle gas from the subject well with a well on a near-by State lease. Due to economics we have not been able to put this package together. However, we are working on a small compressor design and still might get the well back on production fairly soon.

We did want to let you know we have abandoned our original proposal and did appreciate your prompt and positive response to our request.

Yours very truly,

BISON PETROLEUM CORPORATION
