13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

This notice will inform you of our intention to run a Casing Integrity Test the week of the 24th. Arrangements will be made for the BLM to witness this test. According to our records the last test on this well was run on the week of the 26th of June 1995. Our files are incomplete as to when this well became inactive.

It is the operators intention to maintain this well in a TA status for future use as an additional water injection well in this flood.
