Gentlemen:

Due to the recently submitted gas-oil ratio test for your Mark Federal Well No. 5 located in Unit C of Section 25, T-7-S, R-35-E, the well has been reclassified as a gas well in the Todd Lower San Andres Gas Pool and the oil allowable was cancelled effective September 1, 1968.

Before we can assign a gas allowable, however, it will be necessary for you to comply with the provisions of Commission Order No. R-1670-G governing the Todd Lower San Andres Gas Pool. This will include filing a revised Form C-102 outlining a 320 acre unit to be dedicated to the well, and notification to this office from Cities Service Oil Co. that a separate meter has been set.

Yours very truly,

OIL CONSERVATION COMMISSION

Joe E. Loney  
Supervisor, District 1
