Coquina Oil Corporation purchased this well from Mr. Weldon Guest on November 11, 1975. At the time of the purchase the well was uneconomical to produce, therefore, we have carried it as shut-in. The reasons Coquina has not plugged this well are that: currently, we are in the process of studying the possibility of a secondary recovery program, secondly, we may possibly return it to producing status, depending upon the price of oil in the future.

This approval of temporary
abandonment expires **DEC 1 1976**
