Unit G, Sec 35, T7S, R33E

Gentlemen:

In a review of the status of the above-referenced well it has come to our attention that you are reporting the well as an injection well on your monthly operator's report. According to our records this is incorrect since this well has never been approved for injection.

Please check your records and amend them according if you concur with our classification of the well as a SI producer.

Very truly yours,

OIL CONSERVATION DIVISION
