4340	0.50	3.6105	58.1820

I hereby certify that I have personal knowledge of the facts and data as set forth in the above and that such is true and correct to the best of my knowledge and belief.

Geo. W. Baker V. Pres.

Cactus Drilling Company

Operator Affidavit

Before me, the undersigned authority, appeared George W. Baker known to me to be the person whose name is subscribed herebelow, who, on making deposition, under oath states that he is acting for and in behalf of the operator of the well identified above and that to the best of his knowledge and belief such well was not intentionally deviated from the true vertical whatsoever.

Geo. W. Baker
(Signature of Affiant)

Sworn and subscribed to in my presence on this 22nd day of June 1966.

Argene R. Brown
Notary Public in and for the County
of Lea, State of New Mexico

My Commission Expires Feb. 6, 1969

1. The first part of the report is a general introduction to the subject of the study. It discusses the importance of the problem and the objectives of the investigation.

2. The second part of the report is a detailed description of the experimental methods used in the study. It includes a description of the apparatus, the procedures followed, and the data collected.

1. The first part of the report is a general introduction to the subject of the study. It discusses the importance of the problem and the objectives of the investigation.	2. The second part of the report is a detailed description of the experimental methods used in the study. It includes a description of the apparatus, the procedures followed, and the data collected.	3. The third part of the report is a discussion of the results of the study. It compares the experimental results with the theoretical predictions and discusses the implications of the findings.
4. The fourth part of the report is a conclusion and a summary of the main findings of the study. It also includes a list of references and an appendix containing additional data and figures.	5. The fifth part of the report is a bibliography of the literature cited in the study. It includes a list of books, articles, and other sources used in the research.	6. The sixth part of the report is an appendix containing additional data and figures. It includes a list of tables and figures and a description of the data presented in each.
