Dear Jim,

Have just learned this date from Charlie Snow that He only sent me a copy of the plugging affidavit enclosed herewith.

I was under the impression that he was to forward you a copy of the report and that you would file the necessary forms with the Conservation Commission, as I do not have the files or enough information to complete the filing.

Since Neither of us has filed, would appreciate it if you would please do the filing. The plugging was witnessed by representatives of the Commission, Mud was used between plugs and well was plugged in accordance with rules set forth by the Commission.

Thanks,

Gene Milford
