17 Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

It is proposed to perforate an additional section of the San Andres above that which is currently open. The proposed perforations are from 4066' to 4164'. Current perforations are 4269' to 4293'. After isolating the new perforations, the zone will be fraced with 30,000 gallons of gelled water and 27,000 lbs. of sand. It is anticipated that work will begin 6/15/82.

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.
