Dear Mr. Wilson:

On January 7, 1970 this office approved Form C-103 for your Carol No. 1 located in Unit M of Section 23, T-7-S, R-34-E which stated that the well was plugged on January 4th. However, since the form was marked as a Notice of Intention to Plug rather than as a Subsequent Report of Plugging, it will be necessary that you file another Form C-103 covering the plugging of the well and which will be held without approval until the location has been inspected.

In addition, please submit two copies of a notarized tabulated list of the deviation surveys.

Yours very truly,

OIL CONSERVATION COMMISSION
