Attention: Stan Mayo

Dear Sir:

As per our telephone conversation of June 6, 1991, our Company is requesting approval from your office to have off lease storage and sales of oil produced from our N. M. (54) Federal No. 1 well. The storage and sales facility is located on acreage allocated for CA SW 568. *As you know, we have produced this way for numerous years. Your cooperation on this matter is greatly appreciated.

We are enclosing a site facility diagram of the subject tank battery.

* 2000/NYE 27-85-36E.

Yours truly,

Steven Hartley
