Re: *Application for administrative approval of unorthodox locations and nonstandard spacing units for the Unocal Federal "17A" Well No. 1 and the ~~Federal "17" Well No. 2~~, Bluit-San Andres Associated Pool, Section 17, Township 8 South, Range 38 East, NMPM, Roosevelt County, New Mexico*

Dear Charlotte:

Enclosed is Oil Conservation Division Order No. NSP-1692-A(L) approving the unorthodox well location and non-standard spacing unit for the Unocal Federal "17" Well No. 2.

The Division returned the application for the Federal "17A" Well No. 1 with a copy of Order No. R-4124, dated March 30, 1971 which approved the non-standard unit for this well. As you will note, this well is located within 150 feet of the center of a quarter-quarter section and therefore no additional Division approvals should be required.

Very truly yours,

Will

WILLIAM F. CARR

Attention: William F. Carr

Administrative Order NSP-1692-A(L)

Dear Mr. Carr:

Reference is made to your application dated July 17, 1998 on behalf of the operator, Union Oil Company of California ("UNOCAL"), for an 80-acre non-standard gas spacing and proration unit consisting of the following acreage in the Bluit-San Andres Associated Pool:

ROOSEVELT COUNTY, NEW MEXICO
TOWNSHIP 8 SOUTH, RANGE 38 EAST, NMPM
Section 17: N/2 SW/4.

It is the Division's understanding that this unit is to be dedicated to UNOCAL's existing Federal "17" Well No. 2 (API No. 30-041-20274) located at an unorthodox gas well location 1980 feet from the South and West lines (Unit K) of Section 17.

By authority granted me under the provisions of Rules 2(c) and 4(b) of the "General Rules and Regulations for the Associated Oil and Gas Pools of Northwest and Southeast New Mexico/Special Rules and Regulations for the Bluit-San Andres Associated Pool," as promulgated by Division Order No. R-5353, as amended, the above described unorthodox gas well location and non-standard gas spacing and proration unit are hereby approved.

Sincerely,

Lori Wrotenberg
Director
