Re: Filing of radio-activity and electrical logs

Gentlemen:

Rule 1105 of the Division's Rules and Regulations requires that one copy of all electrical and radio-activity logs run on a well be supplied to the appropriate district office of the Oil Conservation Division.

As of this date, we have not received this information on the following wells:

Federal "27" A Well #1-C Sec. 27, T7S, R37E (The log will be held confidential --
It is needed to determine proper pool extension.)

Yours very truly,

OIL CONSERVATION DIVISION

Jerry Sexton

Jerry Sexton
Supervisor, District I

If no logs were run, please make a statement to that effect in the space below. If the logs have been run and will be supplied later, please so indicate.
