Supervisor, District I

Re: Byron 1-Y  
Sec 34, T 7-S, R32E

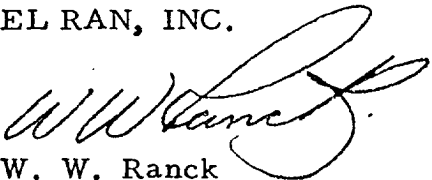

Gentlemen:

With reference to your letter of October 26, we plan to set 8 5/8 at approximate depth of 1700'. After casing has been run, a blowout preventer will be installed and pressured up to 1500#.

If all is in order, drilling will be resumed.

Yours very truly,

EL RAN, INC.

A handwritten signature in dark ink, appearing to read 'W. W. Ranck', with a large, stylized flourish at the end.
