Re: NM 14012

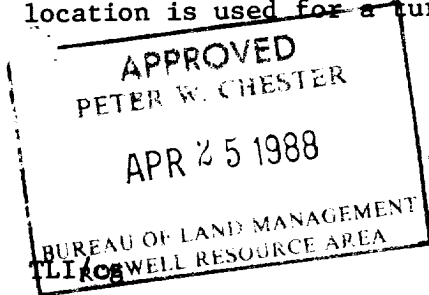

Federal "N" 2Y, P-23-8s, -37E,  
Roosevelt County, 846/2 + 710/E  
New Mexico

Gentlemen:

It is requested that permission be granted to temporarily abandon the Tom L. Ingram No. 2-Y Federal "N" for an additional twelve (12) months.

This will provide the necessary time to evaluate the drilling of an additional well or wells on this and adjacent leases. The No. 2-Y would be converted as a disposal well if necessary for the new well. Also, as our other wells are beginning to produce some water, it may become more economical to use the subject well.

The only perforations are in the San Andres so no damage should result. The road is used for access to the No. 1 well and because of the two mile distance, the No. 2-Y location is used for a turn-out.

Very truly yours,

Tom L. Ingram
