(Note: Report results of multiple completion on Well Completion or Recompletion Report and Log form.)

13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

Pursuant to our conversation with J. R. Hogwood on December 30, 1996, Strata Production Company requests that the well status be changed to temporarily abandoned for a one year period to resolve the water disposal problems and workover.

The last day of production was 10/6/93 and was shut-in due to mechanical problems. A water disposal system is necessary to commercially produce the well. As soon as arrangements with another water disposal system can be negotiated and constructed, the well will be reworked and placed on production.

14. I hereby certify that the foregoing is true and correct
