In reply to your incident of noncompliance of 6/4/91, Lease NM 3648, Federal AR #1:

If the water tank has been removed it was done without our knowledge. The liquid removed from the well is so small that the oil & water are stored in the same tank until there is enough oil to sell (about once in three years) and water is hauled to a public disposal (generally by Kenneth Tank, Crossroads, NM).

Approval for this method of disposal for this small amount of water is requested.

This well is in the process of sale through the sealed bid sale by the Bankruptcy Trust April 30, 1991.
