17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)\*

Application to Drill for above well was approved on January 31, 1991.

It is proposed to revise the casing and cementing program, as follows:

8-5/8", J-55, 24# casing set at 400'± cement with 400± sx to circulate to surface.

5-1/2", J-55, 15.5# casing set at 5000'±. Cement with 250± sx to bring cement at least 600' above producing zone. This should isolate all water, oil and gas porosity zones.
