Re: Recompletion
Lightcap Land Co. Well #1
Unit P, Sec. 6, T8S, R30E
Chaves County

Gentlemen:

Your application for permit to recomplete the above-referenced well from the Devonian to the Penn has been approved.

However, you need to be aware that this acreage is adjacent to the Lightcap Penn Gas Pool and should the well be completed as a gas well you will need to dedicate 320 acres to it and also secure approval of the unorthodox location before the well can be produced.

If you have any questions concerning this matter, please feel free to contact this office.

Very truly yours,

OIL CONSERVATION DIVISION
