Attention: Mr. W. G. Abbott

Gentlemen:

Attached is one approved copy of your Sundry Notice to convert well No. 1 Burt Federal in the SE $\frac{1}{4}$ SE $\frac{1}{4}$ sec. 5, T. 8 S., R. 30 E., N.M.P.M. to a salt water disposal well. You advise the well will be used by the Cato SWD System and operated by Aqua Inc.

Before disposal operations are commenced, a right-of-way permit and special land use permit should be obtained from the Bureau of Land Management, Santa Fe, New Mexico. Approval of the disposal system should also be obtained from the New Mexico Oil Conservation Commission.

Your Sundry Notice does not outline the amount of cement to be used on the 5 $\frac{1}{2}$ " liner or the amount and type of tubing to be used. Please furnish this office a detailed plan of the disposal system including all surface and down hole equipment to be used.

Sincerely yours,

(ORIGINAL) J. W. SUTHERLAND
