Artesia, New Mex.

Dear Static:

On April 23, 1957 by letter we pointed out that Form C-101 was approved on December 17, 1956 for your Collier Gulf State Well No. 2-N, Section 20, T-15-S, R-31-E and that no other forms had been filed. Again on May 24, 1957 this office called in regard to this matter and I was assured that all appropriate forms would be in the mail that day. However we have as yet not received the information that we requested.

Static, would you please see to it that whoever is supposed to file this information for you does it at the earliest possible date?

Yours very truly,

OIL CONSERVATION COMMISSION
