New Mexico Oil Conservation Commission  
Hobbs, New Mexico

Attention: Mr. S. J. Stanley

Gentlemen:

Enclosed please find application to drill the A. L. Estate #1 located in Section 20, 15S-31E, Chaves County, New Mexico. This well is located on State land on which we understand there is a prior State Potash lease. We anticipate no difficulty in protecting the potash zone; however, we will appreciate your especial consideration of the proposed casing program to make sure that it will meet the State requirements so that we will not be faced with the possibility of running additional casing at a later date.

Very truly yours,

  
John P. McNaughton
