New Mexico Oil Conservation Commission
P.O. Box 1545
Hobbs, New Mexico

Attention: Mr. C. Gardner

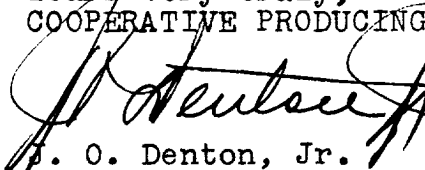

Gentlemen:

In reply to your letter of December 8, 1947 and with reference to Form C-110 filed on our Malco Maxwell State F-3 lease in Sec. 1, T-13S, R-31E, Caprock Field, Chaves County, New Mexico.

We beg to advise that the correct description of this well is the NE of the SE Sec. 1, T-13S, R-31E, Chaves County, New Mexico. We are unable to understand why you should call the well No. 3 as there is only one well on the lease, and in all correspondence with your Santa Fe office we have called this well the Malco Maxwell State F-3. We have a well in the NW of the SE of Sec. 36, T-12S, R-31E which we describe as our Malco Maxwell State F-1 well; this well being on 40 acres and the only one on the lease.

We hope that this will make the matter clear to you as it is in line with all the information with reference to both wells in your Santa Fe office. Should you desire any changes in the description of either or both these wells, please clear with your Santa Fe office when you advise us of your desire to change same.

Yours very truly,
COOPERATIVE PRODUCING ASS'N.

J. O. Denton, Jr.
