Artesia, New Mexico

Dear Mr. Paul:

I have a Certificate of Compliance and Authorization to Transport Oil on your State B #1 Well in Sec. 1, T. 13, R. 31, Caprock Field, Lea County, New Mexico.

After checking our files I find that you have not files a report of completion or any other reports on this well except the Notice of Intention to Drill, Form C-101.

Will you please file Form C-105, Well Record, and all other forms pertaining to setting pipe and cementing if you have not already done so.

Very truly yours,

Oil & Gas Inspector
