OIL CONSERVATION COMMISSION

By Ray D. Harrance

(See Instructions on Reverse Side)

INSTRUCTIONS

This form shall be executed and filed in quadruplicate with the Oil Conservation Commission at Santa Fe, New Mexico, covering each unit from which oil is produced. A separate certificate shall be filed for each transporter authorized to transport oil from a unit. After said certificate has been approved by the Oil Conservation Commission, one copy shall be forwarded to the transporter, one copy returned to the producer, and two copies retained by the Oil Conservation Commission.

A new certificate shall be filed to cover each change in operating ownership and each change in the transporter, except that in the case of a temporary change in the transporter involving less than the allowable production for one month the operator shall in lieu of filing a new certificate, notify the Oil Conservation Commission at Santa Fe, New Mexico, and the transporter authorized by certificate on file with the Commission, by letter of the estimated amount of oil to be moved by the transporter temporarily moving oil from the unit and the name of such temporary transporter and a copy of such notice shall also be furnished such temporary transporter. Such temporary transporter shall not move any more oil than the estimated amount shown in said notice.

This certificate when properly executed and approved by the Oil Conservation Commission shall constitute a permit for pipe line connection and authorization to transport oil from the property named therein and shall remain in full force and effect until

- (a) Operating ownership changes
- (b) The transporter is changed or
- (c) The permit is cancelled by the Commission

If any of the rules and regulations of the Oil Conservation Commission have not been complied with at the same time this report is filed, explain fully under the heading "REMARKS."

In all cases where this certificate is filed to cover a change in operating ownership or a change in the transporter designated to move oil, show under "REMARKS" the previous owner or operator and the transporter previously authorized to transport oil.

A separate report shall be filed to cover each producing unit as designated by the Oil Conservation Commission.

REMARKS COMPANY Malco Refineries, Inc.

SIGNED BY: Donald B. Anderson
Donald B. Anderson

1. The first part of the document discusses the importance of maintaining accurate records of all transactions and activities. It emphasizes that proper record-keeping is essential for transparency and accountability, particularly in financial matters. The text suggests that organizations should implement robust systems to track and document every aspect of their operations, from procurement to sales.

2. The second section addresses the challenges associated with data management and security. It highlights the need for organizations to protect sensitive information from unauthorized access and breaches. The text recommends the use of secure storage solutions and the implementation of strict access controls to ensure that data remains confidential and intact.

3. The third part of the document focuses on the importance of regular audits and reviews. It states that periodic assessments are necessary to identify potential weaknesses and areas for improvement. The text encourages organizations to conduct thorough audits of their financial statements and operational processes to ensure compliance with relevant regulations and standards.

4. The fourth section discusses the role of technology in enhancing organizational efficiency and productivity. It mentions that the adoption of modern software and tools can significantly streamline workflows and reduce the risk of human error. The text suggests that organizations should invest in training to ensure that employees are proficient in using the latest technologies.

5. The fifth part of the document touches upon the importance of clear communication and collaboration within an organization. It states that effective communication is key to ensuring that all team members are aligned and working towards common goals. The text recommends the establishment of open channels for communication and the promotion of a collaborative work environment.

6. The sixth section discusses the importance of staying up-to-date with industry trends and regulations. It mentions that organizations must continuously monitor changes in the market and regulatory landscape to remain competitive and compliant. The text suggests that organizations should engage in ongoing professional development and stay informed about the latest industry news.

7. The seventh part of the document addresses the importance of maintaining a strong relationship with stakeholders. It states that organizations should actively engage with their customers, suppliers, and other relevant parties to build trust and foster long-term partnerships. The text recommends the use of regular communication and transparent reporting to maintain positive relationships.

8. The eighth section discusses the importance of having a clear vision and mission statement. It mentions that these statements provide a sense of direction and purpose for the organization. The text suggests that organizations should regularly review and update their vision and mission to reflect changes in the business environment.

9. The ninth part of the document touches upon the importance of having a contingency plan in place. It states that organizations should be prepared for unexpected events and have a clear plan of action to follow in such situations. The text recommends the identification of potential risks and the development of strategies to mitigate them.

10. The tenth and final section of the document discusses the importance of continuous improvement. It mentions that organizations should regularly evaluate their performance and seek ways to optimize their processes. The text suggests the use of feedback loops and the implementation of best practices to drive ongoing improvement and innovation.

OIL CONSERVATION COMMISSION,
Santa Fe, New Mexico,

Gentlemen:

You are hereby notified that it is our intention to commence the drilling of a well to be known as
Malco Refineries, Inc. **Maxwell State** Well No. **2** in **NE 1/4 SE 1/4**

Company or Operator Lease
of Sec. **12**, T. **13 S**, R. **31 E**, N. M., P. M., **Caprock** Field, **Chaves** County.

AREA 640 ACRES

The well is **1960** feet (N.) **NE** of the **South** line and **660** feet (W.) of the **east** line of **Sec. 12, T-13-S, R-31-E**

(Give location from section or other legal subdivision lines. Cross out wrong directions.)

If state land the oil and gas lease is No. **B-10416** Assignment No. _____

If patented land the owner is _____

Address _____

If government land the permittee is _____

Address _____

The lessee is **J.C. Maxwell, Inc. and Charles E. Osmond**

Address **Fort Worth, Texas**

LOCATE WELL CORRECTLY

We propose to drill well with drilling equipment as follows: **Rotary to set oil string on top of producing sand - cable tools to drill in**

The status of a bond for this well in conformance with Rule 39 of the General Rules and Regulations of the Commission is as follows: **Blanket bond filed with N.M.O. & G.C.**

We propose to use the following strings of casing and to land or cement them as indicated:

Size of Hole	Size of Casing	Weight Per Foot	New or Second Hand	Depth	Landed or Cemented	Sacks Cement
11	8-5/8	25	New	250	Cemented	125
7-7/8	5-1/2	15	Second Hand	3,000	Cemented	600

If changes in the above plan become advisable we will notify you before cementing or landing casing. We estimate that the first productive oil or gas sand should occur at a depth of about **3,020** feet.

Additional information:

Approved AUG 20 1946, 19____
except as follows:

Sincerely yours,

Malco Refineries, Inc.
Company or Operator
By **Donald E. Anderson**

Position **Production Manager**

REPORT OF THE BOARD OF TRUSTEES

The Board of Trustees of the University of Chicago has the honor to submit to you its report for the year 1960-1961. The year has been a year of significant achievement for the University, and we are proud to share with you the results of our efforts.

The Board has been particularly pleased with the progress made in the areas of research, teaching, and administration. We have seen a steady increase in the number of faculty members, and a corresponding increase in the quality of our academic programs.

One of our major accomplishments has been the successful completion of the renovation of the Old Chapel building. This project has not only improved the physical environment of the University, but has also provided a new space for our growing number of students and faculty.

We have also seen a significant increase in the number of students who are applying to the University. This is a reflection of the high regard in which we are held by the public, and it is a source of great pride for all of us.

In addition to these achievements, we have also been able to secure a number of new sources of funding for our programs. This has allowed us to expand our research efforts and to provide a higher level of support for our faculty and students.

Finally, we would like to express our appreciation to the many individuals and organizations that have supported the University over the past year. Without their generous contributions, we would not have been able to achieve the success that we have.

We are confident that the year 1961-1962 will be another year of significant achievement for the University. We will continue to strive for excellence in all of our programs, and we will continue to seek out new sources of funding to support our efforts.

We are grateful to you for your continued support of the University, and we hope that this report will give you a better understanding of the progress that we have made.

Sincerely,
The Board of Trustees

Enclosed for you are copies of the report of the Board of Trustees for the year 1960-1961, and a copy of the report of the Board of Trustees for the year 1961-1962.

We are grateful to you for your continued support of the University, and we hope that this report will give you a better understanding of the progress that we have made.

We are confident that the year 1961-1962 will be another year of significant achievement for the University. We will continue to strive for excellence in all of our programs, and we will continue to seek out new sources of funding to support our efforts.

We are grateful to you for your continued support of the University, and we hope that this report will give you a better understanding of the progress that we have made.
